

# ***CONECUH-SEPULGA-BLACKWATER RIVERS WATERSHED PROTECTION PLAN***

**GEOLOGICAL SURVEY  
OF ALABAMA**

**CONECUH-SEPULGA  
CLEAN WATER PARTNERSHIP**

DRAFT—SUBJECT TO REVISION

GEOLOGICAL SURVEY OF ALABAMA  
Barry H. (Nick) Tew, Jr.  
State Geologist

WATER INVESTIGATIONS PROGRAM  
HYDROGEOLOGY DIVISION

OPEN FILE REPORT

**CONECUH-SEPULGA-BLACKWATER RIVERS WATERSHED  
PROTECTION PLAN**

Project Administrator  
Janet S. Wofford  
Conecuh-Sepulga Clean Water Partnership

By  
Marlon Cook, Robert M. Maker, Phillip Henderson, and Neil Moss  
Geological Survey of Alabama

Prepared in partial fulfillment of a contract with the  
Conecuh-Sepulga Clean Water Partnership

## CONTENTS

|  |    |
|--|----|
| Introduction.....  | 1  |
| Acknowledgements.....  | 2  |
| Watershed protection plan goals and objectives.....  | 2  |
| Programs for natural resource protection and enhancement.....  | 9  |
| Regulatory programs.....   | 9  |
| Clean Water Act.....   | 9  |
| Safe Drinking Water Act.....   | 12 |
| Comprehensive Environmental Response, Compensation, and Liability Act<br>(CERCLA).....                         | 12 |
| Resource Conservation and Recovery Act (RCRA).....   | 12 |
| Endangered Species Act.....  | 13 |
| U. S. Army Corps of Engineers regulations.....   | 13 |
| Alabama Water Resources Act.....   | 14 |
| State of Alabama county health department septic tank permits.....   | 14 |
| Animal feeding operation/concentrated animal feeding operation (AFO/CAFO)<br>program.....                      | 15 |
| Non-regulatory programs.....   | 15 |
| Natural Resources Conservation Service, farm service agency, and soil and water<br>conservation districts..... | 15 |
| U.S. fish and Wildlife Service.....  | 17 |
| Turtle Point Environmental Science Center.....   | 17 |
| Previous investigations.....   | 18 |
| Study area description.....  | 18 |
| Location and extent.....   | 18 |
| County, municipal, and population data.....  | 19 |
| Physiographic districts.....   | 19 |
| Ecoregions.....  | 23 |
| Climate.....   | 24 |
| Geology.....   | 26 |
| Cretaceous System.....   | 26 |
| Upper Cretaceous Series.....   | 26 |
| Cusseta Sand Member of the Ripley Formation.....   | 26 |
| Ripley Formation.....  | 26 |
| Providence Sand.....   | 26 |
| Tertiary System.....   | 28 |
| Paleocene Series.....  | 28 |
| Clayton Formation.....   | 28 |
| Porters Creek Formation.....   | 28 |
| Nanafalia Formation.....   | 30 |
| Tusahoma Sand.....   | 30 |
| Eocene Series.....   | 30 |
| Hatchetigbee Formation.....  | 30 |
| Tallahatta Formation.....  | 30 |
| Lisbon Formation.....  | 31 |
| Jackson Group undifferentiated.....  | 31 |

|   |    |
|---|----|
| Eocene and Oligocene Series.....                        | 31 |
| Residuum.....   | 31 |
| Oligocene Series.....                                   | 32 |
| Oligocene Series undifferentiated.....                  | 32 |
| Miocene Series.....                                     | 32 |
| Miocene Series undifferentiated.....                    | 32 |
| Pleistocene and Pliocene Series.....                    | 32 |
| Citronelle Formation.....                               | 32 |
| Quaternary System.....                                  | 32 |
| Pleistocene and Holocene Series.....                    | 32 |
| Terrace and alluvial deposits.....                      | 32 |
| Surface water.....                                      | 32 |
| Hydrologic sub-regions.....                             | 32 |
| Upper Conecuh River (03141301).....                     | 33 |
| Patsaliga Creek (03140302).....                         | 39 |
| Sepulga River (03140303).....                           | 41 |
| Lower Conecuh River (03140304).....                     | 41 |
| Escambia Creek (03140305).....                          | 44 |
| Blackwater River (03140104).....                        | 44 |
| Groundwater.....  | 44 |
| Availability.....                                       | 47 |
| Eocene-Pleistocene undifferentiated aquifer.....        | 47 |
| Lisbon aquifer.....                                     | 47 |
| Nanafalia-Clayton aquifer.....                          | 49 |
| Providence-Ripley aquifer.....                          | 49 |
| Recharge.....   | 49 |
| Water Use.....  | 49 |
| Public supply.....                                      | 50 |
| Self-supplied domestic.....                             | 50 |
| Self-supplied industrial/commercial.....                | 51 |
| Agriculture.....  | 51 |
| Hydroelectric power generation.....                     | 51 |
| Land use.....   | 52 |

| Escambia Creek 03010305.....                            | 56 |
| Natural resources.....                                  | 57 |
| Threatened and endangered species.....                  | 58 |
| Fresh water mussels.....                                | 58 |
| Alabama Pearlshell <i>Margaritifera marrianae</i> ..... | 58 |
| Narrow Pigtoe <i>Fusconaia Escambia</i> .....           | 59 |
| Round Ebonyshell <i>Fusconaia rotulata</i> .....        | 63 |
| Southern Sandshell <i>Lampsilis australis</i> .....     | 63 |

|  |    |
|--|----|
| Alabama Moccasinshell <i>Medionidus acutissimus</i> .....        | 63 |
| Southern Kidneyshell <i>Ptychobranchus jonesi</i> .....          | 66 |
| Fuzzy Pigtoe <i>Pleurobema strodeanum</i> .....                  | 64 |
| Choctaw Bean <i>Villosa choctawensis</i> .....                   | 64 |
| Fishes .....   | 65 |
| Ironcolor Shiner <i>Notropis chalybaeus</i> .....                | 65 |
| Gulf Sturgeon <i>Acipenser oxyrinchus desotoi</i> .....          | 65 |
| Alabama Shad <i>Alosa alabamae</i> .....                         | 66 |
| Bluenose Shiner <i>Pteronotropis welaka</i> .....                | 67 |
| Amphibians.....  | 67 |
| Gopher Frog <i>Rana capito</i> .....                             | 67 |
| River Frog <i>Rana heckscheri</i> .....                          | 68 |
| Flatwoods Salamander <i>Ambystoma cingulatum</i> .....           | 68 |
| One-Toed Amphiuma <i>Amphiuma pholeter</i> .....                 | 69 |
| Red Hills Salamander <i>Phaeognathus hubrichti</i> .....         | 69 |
| Southern Dusky Salamander <i>Desmognathus auriculatus</i> .....  | 69 |
| Reptiles .....   | 69 |
| Mimic Glass Lizard <i>Ophisaurus mimicus</i> .....               | 69 |
| Coal Skink <i>Eumeces anthracinus</i> ssp. ....                  | 70 |
| Southeastern Five-Lined Skink <i>Eumeces inexpectatus</i> .....  | 70 |
| Eastern Indigo Snake <i>Drymarchon couperi</i> .....             | 70 |
| Rainbow Snake <i>Farancia erythrogramma erythrogramma</i> .....  | 71 |
| Southern Hognose Snake <i>Heterodon simus</i> .....              | 71 |
| Eastern Kingsnake <i>Lampropeltis getula getula</i> .....        | 71 |
| Florida Pine Snake <i>Pituophis melanoleucus mugitus</i> .....   | 72 |
| North Florida Swamp Snake <i>Seminatrix pygaea pygaea</i> .....  | 72 |
| Eastern Coral Snake <i>Micrurus fulvius</i> .....                | 72 |
| Eastern Diamondback Rattlesnake <i>Crotalus adamanteus</i> ..... | 73 |
| Alligator Snapping Turtle <i>Macrochelys temminckii</i> .....    | 73 |
| Gopher Tortoise <i>Gopherus polyphemus</i> .....                 | 74 |
| Birds .....  | 74 |
| Red-Cockaded Woodpecker <i>Picoides borealis</i> .....           | 74 |
| Henslow’s Sparrow <i>Ammodramus henslowii</i> .....              | 75 |
| American Kestrel <i>Falco sparverious</i> .....                  | 76 |
| American Woodcock <i>Scolopax minor</i> .....                    | 77 |
| Northern Harrier <i>Circus cyaneus</i> .....                     | 77 |
| American Black Duck <i>Anas rubripes</i> .....                   | 79 |
| Swallow-Tailed Kite <i>Elanoides forficatus</i> .....            | 80 |
| Wood Stork <i>Mycteria Americana</i> .....                       | 81 |
| Short-Eared Owl <i>Asio flammeus</i> .....                       | 82 |
| Wood Thrush <i>Hylocichla mustelina</i> .....                    | 82 |
| Worm-Eating Warbler <i>Helmitheros vermivorus</i> .....          | 84 |
| Swainson’s Warbler <i>Limnothlypis swainsonii</i> .....          | 85 |
| Kentucky Warbler <i>Oporonis formosus</i> .....                  | 86 |
| Bachman’s Sparrow <i>Aimophila aestivalis</i> .....              | 87 |
| Mammals .....  | 88 |

|   |     |
|---|-----|
| Black Bear <i>Ursus americanus</i> .....  | 88  |
| Gray Myotis <i>Myotis grisescens</i> .....  | 88  |
| Little Brown Myotis <i>Myotis lucifugus</i> .....   | 89  |
| Southeastern Myotis <i>Myotis austroriparius</i> .....  | 89  |
| Northern Yellow Bat <i>Lasiurus intermedius</i> .....   | 89  |
| Brazilian Free-Tailed Bat <i>Tadarida brasiliensis</i> .....  | 90  |
| Rafinesque’s Big-Eared Bat <i>Corynorhinus rafinesquii</i> .....                                      | 90  |
| Marsh Rabbit <i>Sylvilagus palustris</i> .....  | 90  |
| Southeastern Pocket Gopher <i>Geomys pinetis</i> .....  | 91  |
| Long-Tailed Weasel <i>Mustela frenata</i> .....   | 91  |
| Eastern Spotted Skunk <i>Spilogale putorius</i> .....   | 92  |
| Status of surface water classification and quality .....  | 92  |
| State/Federal water use classifications and stream water quality classifications .....                | 92  |
| TMDL .....  | 94  |
| General causes of impairment and future threats to natural resource quality .....                     | 95  |
| Excessive Nutrients .....   | 93  |
| Ammonia.....  | 93  |
| Nitrate .....   | 94  |
| Phosphorus.....   | 94  |
| Pathogens.....  | 94  |
| Sedimentation .....   | 95  |
| Organic compounds.....  | 95  |
| Documented impairments and future threats to natural resource quality .....                           | 96  |
| Violation of ADEM ground water quality.....   | 98  |
| Waters in violation of ADEM surface water quality criteria or waters with elevated constituents ..... | 101 |
| Human health threats.....   | 111 |
| Pathogens.....  | 111 |
| Septic tanks.....   | 112 |
| Fish consumption advisories for the Conecuh River watershed.....                                      | 112 |
| National priority sites (Superfund) .....   |     |
| Loss of Plant and animal species.....   |     |
| Habitat quality.....  |     |
| Erosion and sedimentation impacts to bio-environments.....  |     |
| Loss of wildlife, habitats, wetlands, and forestlands .....   |     |

| Protection plan implementation .....  |     |
| Goal.....   |     |
| Objectives .....  |     |
| Measures of progress .....  |     |
| Strategies.....   | 116 |
| Objective 1: Increase citizen awareness of watershed protection.....                                  | 116 |
| Strategy A .....  | 116 |
| Action items .....  | 116 |
| Progress and success criteria .....   | 117 |
| Strategy B.....   | 117 |

|  |     |
|--|-----|
| Action items .....   | 118 |
| Progress and success criteria .....  | 118 |
| Strategy C.....  | 118 |
| Action items .....   | 119 |
| Progress and success criteria .....  | 119 |
| Strategy D .....   | 119 |
| Action items .....   | 119 |
| Progress and success criteria .....  | 120 |
| Strategy E.....  | 120 |
| Action items .....   | 120 |
| Progress and success criteria .....  | 120 |
| Strategy F.....  | 120 |
| Action items .....   | 121 |
| Progress and success criteria .....  | 121 |
| Strategy G .....   | 121 |
| Action items .....   | 121 |
| Progress and success criteria .....  | 121 |
| Strategy H .....   | 121 |
| Action items .....   | 122 |
| Progress and success criteria .....  | 122 |
| Objective 2: Inventory and monitor the physical, chemical and biological parameters for surface and groundwater..... | 122 |
| Strategy A .....   | 122 |
| Action items .....   | 123 |
| Progress and success criteria .....  | 123 |
| Strategy B.....  | 123 |
| Action items .....   | 124 |
| Progress and success criteria .....  | 124 |
| Strategy C.....  | 124 |
| Action items .....   | 125 |
| Progress and success criteria .....  | 125 |
| Strategy D .....   | 125 |
| Action items .....   | 125 |
| Progress and success criteria .....  | 126 |
| Objective 3: Reduce pollution from construction and other land disturbance activities .....                          | 126 |
| Strategy A .....   | 126 |
| Action items .....   | 126 |
| Progress and success criteria .....  | 127 |
| Strategy B.....  | 127 |
| Action items .....   | 127 |
| Progress and success criteria .....  | 128 |
| Strategy C.....  | 128 |
| Action items .....   | 128 |
| Progress and success criteria .....  | 128 |
| Objective 4: Reduce pollution from domestic onsite sewage disposal systems ..  | 129 |

|   |     |
|---|-----|
| Strategy A .....  | 129 |
| Action items .....  | 129 |
| Progress and success criteria .....   | 130 |
| Strategy B.....   | 130 |
| Action items .....  | 131 |
| Progress and success criteria .....   | 131 |
| Objective 5: Reduce pollution from illegal waste dumping sites, littering, and disposal of animal carcasses ..... | 132 |
| Strategy A .....  | 132 |
| Action items .....  | 132 |
| Progress and success criteria .....   | 132 |
| Strategy B.....   | 133 |
| Action items .....  | 133 |
| Progress and success criteria .....   | 133 |
| Objective 6: Reduce pollution from agricultural activities.....   | 133 |
| Strategy A .....  | 133 |
| Action items .....  | 134 |
| Progress and success criteria .....   | 134 |
| Strategy B.....   | 134 |
| Action items .....  | 134 |
| Progress and success criteria .....   | 135 |
| Strategy C.....   | 135 |
| Action items .....  | 135 |
| Progress and success criteria .....   | 136 |
| Strategy D .....  | 136 |
| Action items .....  | 136 |
| Progress and success criteria .....   | 137 |
| Strategy E.....   | 137 |
| Action items .....  | 137 |
| Progress and success criteria .....   | 137 |
| Objective 7: Reduce pollution from forestry activities.....   | 138 |
| Strategy A .....  | 138 |
| Action items .....  | 138 |
| Progress and success criteria .....   | 139 |
| Strategy B.....   | 139 |
| Action items .....  | 140 |
| Progress and success criteria .....   | 140 |
| Strategy C.....   | 140 |
| Action items .....  | 140 |
| Progress and success criteria .....   | 141 |
| Objective 8: Reduce nonpoint source pollution from urban sources.....   | 141 |
| Strategy A .....  | 141 |
| Action items .....  | 141 |
| Progress and success criteria .....   | 141 |
| Strategy B.....   | 142 |
| Action items .....  | 142 |

| 9. Escambia Creek (03140305) hydrologic unit .....                              | 45  |
| 10. Blackwater River (03140104) hydrologic unit.....                            | 46  |
| 11. Generalized aquifer map of the CSBRW .....                                  | 48  |
| 12. Historic water use in the CSBRW area of the Choctawhatchee River basin .... | 50  |
| 13. Land use in the CSBRW .....   | 54  |
| 14. Gant and Point A reservoirs .....   | 108 |
| 15. Tropic conditions in Gant and Point A Reservoirs .....                      | 109 |
| 16. Tropic conditions in Point A Reservoir.....                                 | 109 |
| 17. Proposed stream monitoring locations in the CSBRW .....                     | 115 |

## TABLES

|  |     |
|--|-----|
| Table 1. NPDES permitted sites in the CSBRW .....  | 10  |
| 2. Domestic wastewater systems in the CSBRW .....  | 14  |
| 3. Animal information for the CSBRW .....  | 15  |
| 4. Land area by county in the CSBRW .....  | 18  |
| 5. County population profile information for CSBRW counties .....  | 19  |
| 6. Housing units/sewage disposal information for CSBRW counties.....   | 20  |
| 7. Municipalities in the CSBRW .....   | 20  |
| 8. Precipitation values for selected stations in the CSBRW .....   | 26  |
| 9. Generalized stratigraphy of the CSBRW .....   | 35  |
| 10. Hydrologic units in the CSBRW .....  | 39  |
| 11. Discharge data for selected U.S. Geological Survey gauging stations in the<br>CSBRW .....  | 35  |
| 12. Water use (1995) in the CSBRW.....   | 51  |
| 13. Conservation status of species of concern in the CSBRW .....   | 59  |
| 14. Water use stream classifications in the CSBRW .....  | 92  |
| 15. Streams included on the Section 303(d) list of impaired waters .....   | 94  |
| 16. Public-water supply systems in the CSBRW and their water quality violations<br>since 2000 .....  | 98  |
| 17. Parameters below established water quality standards measured during the<br>Troy University study of streams in the vicinity of Gantt and<br>Point A reservoirs..... | 102 |
| 18. Parameters below established water quality standards measured by the USGS<br>at sites in the CSBRW .....   | 105 |
| 19. Parameters below established water quality standards measured by ADEM at<br>sites in the CSBRW .....   | 106 |
| 20. Estimated miles of unpaved public roads (by county) in the CSBRW.....  | 111 |
| 21. Fish consumption advisories for water bodies in the CSBRW.....   | 113 |
